ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on July 15, 2008. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

On August 3, 2007, an Examiner's Answer was mailed. On page 2, under the heading "Summary of Claimed Subject Matter" the examiner stated that "The Summary of claimed subject matter contained in the brief is deficient" However, there is no indication that the Appellants responded to the Examiner's Answer.

Correction is required. MPEP § 1205.03 states:

When the Office holds the brief to be defective solely due to appellant's failure to provide a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v), an entire new brief need not, and should not, be filed. Rather, a paper providing a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v) will suffice. Failure to timely respond to the Office's requirement will result in dismissal of the appeal. See MPEP § 1215.04 and §711.02(b).

Accordingly, it is

ORDERED that the application is returned to the Examiner to:

- 1) notify applicants to file a paper providing a summary of the claimed subject matter as required by 37 CFR § 41.37(c)(1)(v);
- 2) consider the paper providing a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v); and
- 3) for such further action as may be appropriate.

If there are any questions pertaining to this Order, please contact the Board of Patent Appeals and Interferences at 571-272-9797.
